Fee Protection Scheme

Under the Fee Protection Scheme (FPS), SDH has in place an insurance arrangement with Lonpac Insurance Bhd, a Council for Private Education-appointed insurance provider, to protect the course fees paid by ALL students. The FPS insurance serves to protect the student's fees in the event that the private education institution (PEI) is unable to continue operations due to insolvency, and/or regulatory closure. In addition, the FPS protects the student if the PEI fails to pay penalties or return fees to the student arising from judgements made against it by the Singapore courts.

Medical Insurance

Under the EduTrust certification scheme, PEIs must provide medical insurance coverage for hospitalisation and related medical treatment

for ALL full-time students throughout the entire course duration. SDH has put in place a medical insurance scheme provided by AXA Insurance Pte Ltd for all its students.

The following students can choose to opt out of the medical insurance scheme if they can show that they are already covered by their own medical insurance:

- Singapore citizens, permanent residents and international students not on the Student's Pass, and
- Students under corporate Sponsorship or corporate agreement signed between the private education institution and the sponsor organisation.

Medical insurance is not applicable to part-time students and students taking courses with a duration of not more than one month or 50 hours.
